viding eligible for the succeeding term.

It seems desirable to hold such examinations at an early date in order that an eligible list may be provided for each of the various counties. We would request therefore that at the next session of your board a list of not less than three, nor more than five, names be certified to the department for examination. You will thereafter be notified of the time and place the examination will be given, and notify the candidates accordingly.

It may not be feasible to hold these examinations previous to the expiration of the original term of office in some of the counties. In this case, however, the law provided that the present incumbent shall hold office until his successor has been duly appointed and qualified. No county therefore need be without a superintendent of highways on this account.

Where a county desires to retain the services of its present county superintendent of highways as will be generally true, it will be necessary to name him as one of the candidates to take the examination.

Permit us to suggest that in fixing his salary for the ensuing term consideration be given to present living conditions also to the fact that the service which the county receives will to a certain extent depend upon the salary which the county is willing to pay. The law requires that county superintendent of highways be employed in each county and if the salary is made sufficient to insure the employment of a competent person the service to the county will be worth many times the cost. Let us also call your attention to the fact that the county cannot get value received if the county superintendent remains in his office; therefore he should be given a reasonable expense account in order that he may visit the different sections of the county at frequent intervals.

Very truly yours,  
S. E. Bradt,  
Superintendent of Highways,  
Clifford Older,  
Chief Highway Engineer.

The undersigned Road and Bridge committee would respectfully recommend that this board for recommendations to the State Highway Department to take examination as provided by law. Applications must be filed with county clerk on or before 9 o'clock Thursday, Dec. 11th, 1919.

Joseph Bauer,  
I. J. Trostle,  
W. J. Edwards,  
J. M. Sterling,  
Road and Bridge Committee.

Thereupon on motion of Supervisor McCleary, duly seconded by Supervisor Richardson, said recommendation is concurred in by the board.

Upon motion of Supervisor Dystart, duly seconded by Supervisor Miller, the matter of the Salary and Expense account of the county superintendent of highways for the ensuing term is referred to the Fees and Salary committee.

Supervisor Spencer stated to the board that he has \$41.00 in his hands for the sale of a day report and asked the chairman of the court house and judge to be directed to pay said amount of money into the county treasury.

Thereupon on motion of Supervisor Ewald, duly seconded by Supervisor McCleary, Mr. Spencer is directed to procure an order from the county clerk directing the county treasurer to accept said money.

### A Modern Story of Home and Business

#### APPLE PIE LURES ROBERT AWAY FOR DINNER.

CHAPTER 18.  
"Whatever made you tell me Robert looked sick?" I asked Mary Ryan. "I haven't seen him as gay as he was last night in a long time."

"There's more'n one kind of sickness, Gerry. Ain't you ever learned that? Perhaps it don't come in books, but there's a kind of sickness of the mind and heart, too. I guess, what is worse than all the fevers and other pains folks have. You see they have doctors when you break a leg or get some disease, but there ain't no one going to doctor your mind when that's sick—not that I know of."

"You mean that Robert's mind is sick?"

"Perhaps—perhaps not. But when folks, I don't much care if they are men or women, get their minds fixed on something they can't have, just as likely as not they get something they ought not to have, that they ain't got any business wanting."

"You are a queer girl, Mary. You seem to think Robert is not contented."

Mary only smiled, and asked me to tell her about that new girl I had met, Marion Hovey.

"She's very pretty, and an accomplished housekeeper if Robert and the rest are to be believed."

"Robert talked about that—her house-keeping, and her cooking?"

"Yes, I accused him of always thinking of food."

"Men do—quite a lot," she returned then changed the subject. We often had little chats during the day, now that we were not so busy. And always Mary would bring in something about a home, or Robert.

Now even tho I was able to get home earlier, Robert was often late. Occasionally he did not come in to dinner, but would telephone me not to wait.

"Where have you been, dear?" I asked one evening when he had not been in to dinner. "Where did you have dinner?"

"Marion Hovey was good enough to take me home with her. I met her just as I left the store, and we walked along together. She told me what she was going to have for dinner, and when I said it sounded mighty good to me, she told me to come along and have some. If I could, I knew you wouldn't miss me in that noisy place down stairs. It would be different if you had been alone then I would have gone. But you have plenty of company here, so I trotted right along and had a good dinner, topped off with a delicious apple pie and rae locoffee. The only part I didn't like was that I couldn't bring you some."

"That last sentence disappointed any feeling of jealousy I might have had—he had thought of me."

"Never mind, dear. I don't care as much for apple pie as you do, and strong coffee keeps me awake."

One evening when Robert and I had been sitting quietly reading for some

time, he surprised me by an exclamation of annoyance.

"What's the matter, dear? I thought you were reading," I laid my book aside.

"I don't know what ails me Gerry. I can't keep my mind fixed on my work. They boosted Glen's salary today, and never said a word to me, altho I really came first in line for promotion. I can't seem to concentrate any more. My thoughts go wool-gathering at just the wrong times."

"But you were so enthusiastic when we were first engaged, so sure you were going to get a big advance soon." Some way the disappointment I felt showed in my voice, altho I had tried not to let Robert realize I was disappointed.

"I know, and—well, Gerry, I guess some folks need something to make them work, and perhaps I am that kind. Ever since your last raise I keep thinking you earn more than I do, and that you can have what you want with my help, and it seems to take all my ambition away. It's silly I know, but—well—I am going to get over it somehow, but I don't just know how."

"I should say you were silly! Knowing I earn such a good salary should make you more ambitious. You don't want a woman to get ahead of you do you?"

"No—yet I guess it is a good thing you can make money, Gerry, I don't seem to be able to."

I saw he was discouraged, and tried to cheer him up. Yet all the time in the back of my mind was a feeling of chagrin because he was inadequate, because he acknowledged it.

War Given Liberty

By Associated Press Leased Wire  
New York, Dec. 26.—Secretary of  
War Baker today remitted the twenty  
year sentence imposed on Private Law-  
rence Perimutter of New York, the only  
member of the American expeditionary  
force to be convicted of treason, ac-  
cording to word received by Representa-  
tive Isaac Siegel of New York, who  
interested himself in the lad's case.

Perimutter, who served in the medi-  
cal department, ninth infantry, second  
division, was convicted of having sup-  
plied military information of value to  
the Germans while a prisoner of war. He  
was court martialed in Coblenz. His  
sentence was approved by General  
headquarters.

According to Mr. Siegel it was not  
shown that the answers which Perimut-  
ter gave the Germans were true and  
only one witness, Captain Wm. H. Gor-  
don, captured with him, testified  
against him, whereas two witnesses are  
needed before an American can be le-

## HELPING EMPLOYEES

By Associated Press Leased Wire  
Pittsburgh, Dec. 27.—A number of im-  
portant manufacturing concerns in this  
city are selling food and clothing at  
cost to their employees, in an effort to  
meet the advancing price of commodi-  
ties.

One company buys for its workmen  
every two weeks a carload of hams and  
bacon. This is shipped direct from the  
packer to the mill, and there sold to the  
men at cost, plus the transportation  
charge. The president of the company  
endorses it as one of the best things he  
has ever done for his men.

Another concern has been supplying  
many of its mill and office employees  
with canned goods, wearing apparel,  
including overcoats and shoes, and even  
children's shoes. The saving was such  
as to make the wage earners enthusias-  
tic.

Ivy Division Men

By Associated Press Leased Wire  
New York, Dec. 27.—Former soldiers  
from many states assembled in New  
York today for a reunion and smoker of  
the Ivy Division tonight. This will be  
the first "get-together" of an army di-

a thousand men are expected to attend.  
Brigadier General Benjamin A. Moore,  
president of the Ivy Association now at  
Fort D. A. Russell, Wyoming, will pre-  
side. Major General Mark L. Hersey,  
who commanded the division during the  
Argonne drives will be the guest of

bitt, commanding the fourth field artil-  
lery brigade, also will be a guest.

Can't Herd Reds at  
Ellis Island Now

By Associated Press Leased Wire  
New York, Dec. 27.—Heavy immigra-  
tion is so taxing the facilities of Ellis  
Island that officials expressed doubt to-  
day whether there would be another  
concentration of anarchists there in the  
near future for deportation.

During the last 48 hours some 8000  
immigrants have arrived in port and to-  
day 1168 were detained at the island for  
further examination as to their fitness  
for admission to this country. The per-  
sonnel at the island was not large en-  
ough to handle any more, it was said.  
Anarchists confined at other cities  
awaiting deportation probably will re-  
main there for some time it was said,  
before arrangements can be made for  
any "soviet ark."

## MINERS BACK TO WORK

By Associated Press Leased Wire  
Pittsburg, Kan., Dec. 27. — Fifteen  
hundred miners of the Central Coal &  
Coke Company and several related com-  
panies, idle since last July, were pre-  
paring today for the return to work. The  
mines were being put into shape today  
for the hoisting of coal Monday.

Three big western coal and mining  
company mines were idle today because  
of the strikes. The men refrained  
from working because of a dispute con-  
cerning "house coal," that is, coal for  
their own use.

Kolchak May Return  
to Find Control Lost

By Associated Press Leased Wire  
Paris, Dec. 27.—Revolutionary Soc-  
ialists have formed a committee govern-  
ment in Irkutsk, Siberia, where the Al-  
l-Russian government of Admiral Kol-  
chak established its headquarters after  
being driven from Omsk, according to  
news received in French official circles  
today. The revolutionists took posses-  
sion of the Irkutsk station on the trans-  
Siberian railway, the reports state.

Premier Poupelain of the Kolchak  
government is absent from Irkutsk, be-  
ing on his way west to meet Admiral  
Kolchak for a conference regarding  
the formation of a new ministry. M.  
Tretickoff, the minister of foreign af-  
fairs, also left Irkutsk recently to meet  
General Semenov, the Cassack leader in  
the Baikal region.

Taking advantage of the absence of  
the principal members of the govern-  
ment, the Socialists, according to the  
advisers organized an insurrection.  
It is considered doubtful here whether  
Admiral Kolchak will find anything  
of his government when he finally re-  
turns to Irkutsk. His present where-  
abouts is not definitely known.

He is reported as having encountered  
great difficulties with detachments of  
Czecho-Slovak troops which are en-  
route to Vladivostok by the trans-Siber-  
ian railway.

LASALLE PUTS BAN  
ON SHIMMY DANCES

"Cootie-walk" and those other cyno-  
pated evolutions of the Hula Type,  
which have found their way into the  
dance halls that are not so public, must  
walk the plank, so far as the city of  
LaSalle is concerned. They are doom-  
ed, condemned, sentenced. Tuesday  
night the city council instructed City  
Attorney W. J. Appleton to draw up an  
ordinance "once and forever" abolish-  
ing these terpsichorean undulations  
from the dance halls of the town.

## LEAVE SOON ON TRIP TO DRY UP ENTIRE WORLD

Head of National W. C.  
T. U. Gets Passports  
for Europe.

By Associated Press Leased Wire  
Chicago, Ill., Dec. 27.—As a step in the "world dry" movement, Miss Anna Adams Gordon, president of the National Woman's Christian Temperance Union, and Miss Julia F. Deane, editor of the Union Signal, the organization's official publication, plan European, oriental, African and South American trips, Miss Gordon announced today. Passports to Europe have been obtained.

The tour of Europe will be begun in April, Miss Gordon said, to be followed by the visits to the orient, South Africa and South America.

After the World W. C. T. U. convention in London in April, 1920, Miss Gordon said she and Miss Deane would travel through England, returning to America for the national W. C. T. U. convention at Atlantic City in November, 1920. As soon as feasible the tour of the other continents would be started.

The world convention, Miss Gordon said, ordinarily is a biennial gathering but because of the war none had been held in six years.

Miss Gordon said the W. C. T. U. was looking into the deaths reported through drinking of wood alcohol and that something must be done. She added, however, the number of deaths caused by that person would not compare with the number caused by drinking so-called "good whiskey."

## London Papers Note Rockefeller's Gift

By Associated Press Leased Wire  
London, Dec. 27.—This morning's newspapers, the first appearing in this city since Wednesday, give prominent place to accounts of John D. Rockefeller's gift to education, announced on Christmas morning in the United States, and Secretary of State Lansing's message to foreign capitals explaining the reasons for the deportations of radical agitators. Many of the London journals comment editorially on these two news features.

The Daily News says: "Mr. Lansing's message will rank among the great contributions of America to the efforts of the striving world."

Admiration of Mr. Rockefeller's munificence is coupled editorially with a lament that Great Britain has need of an imitation.

## Expect Ball Tossers to Ask Big Raises

The players are said to hold that with the owners obtaining greater patronage large salaries can be paid.

## Try Making Your Own Cough Remedy

You can save about \$2, and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much relief as this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2½ ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment ask your druggist for "2½ ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Wayne, Ind.

## Corn Market Closed Heavy After Bad Day

By Associated Press Leased Wire

Chicago, Dec. 27.—Fresh declines in the corn market resulted today from prospects of an accelerated crop movement. The fact that unlicensed owners had only three days after today in which to get rid of January holdings tended also to weaken prices. Some difference of opinion existed, however, as to whether the amount of corn poured into primary terminals during the next thirty days would be up to general expectations. Opening prices, which ranged from 1/4 to 1/2 lower, with January 1.30 to 1.30 1/4, and May 1.29 1/2 to 1.30 1/4, were followed by a slight further setback, and then by a moderate rally.

Oats weakened with corn. After opening 1/4 to 3/4 lower, including May at 81 1/2 to 82 1/2, the market continued to sag.

Lard and ribs were easier in response to the bearish action of grain. Pork, though, remained comparatively firm.

Notwithstanding reports that an unwarranted bearish construction had been put on railroad orders regarding the crop movement, the market continued to break in the latter dealings. Prices closed heavy, 1/2 to 1/4 net lower, with Jan. 1.28 1/2 to 1.29 1/4.

## Weekly Grain Review.

Chicago, Dec. 27.—Slashing of corn prices has resulted from instructions giving grain the preference in free handling from the west and northwest. Compared with a week ago corn quotations this morning were down 4c to 8 1/4c, oats were unchanged to 1/2c lower and the provisions up 10c to 1 1/2c.

It was generally conceded by corn traders that the speed of the crop movement depended now almost wholly on the number of cars that the railroads could furnish. Opinions had been widely circulated that any scarcity would prevent any sustained heavy flow of supplies from rural sources before spring, but such views failed to hold confidence after orders were out in important regions to give grain the right of way even against coal. As a consequence, the downward swings of the corn market were interrupted only in a transit way by bullish factors such as brisk European demand for wheat, rye and oats, or by the signing of the Edge bill.

Oats were steadied by liberal export sales. Nevertheless, the market sagged with corn.

European business, especially the furnishing of hard to Germany, did a good deal to lift the provision market. Besides, there was a notable scarcity of offerings of pork.

ments hundreds of thousands of dollars, but also have taken their toll of lives in the Canadian Northwest.

For three months the principal activity of the royal northwest mounted police has been the pursuit of violators of the liquor laws.

Several hundred stills have been located and smashed. In Calgary the janitor of a church was arrested charged with operating a moonshine plant in the basement of the church. Hundreds of thousands of gallons of illicit liquor have been seized.

No official estimate regarding deaths resulting from wood alcohol have been made public.

## CLEVELAND'S TOTAL 14.

Cleveland, O., Dec. 27.—Nine new victims of wood alcohol poisoning were in hospitals today raising the week's total to 24. In the same period three deaths have been attributed to wood or denatured alcohol poison, placing the fatality toll for the month at fourteen.

## CONGRESS MAY ACT

By Associated Press Leased Wire  
Washington, Dec. 27.—Suggestions that congress might take steps to safeguard the sale of wood alcohol were made today by officials of the bureau of internal revenue on hearing that a large number of deaths had occurred from beverage use of this poison. The bureau has no special power to deal with such cases, officials said, but it is undertaking to have all "bootleggers" prosecuted vigorously.

The bureau also has undertaken a campaign of publicity to educate the public to the danger of buying contraband liquor.

## FIVE IN NEWARK, N. J.

Hartford, Conn., Dec. 27.—Thirteen persons have died here from what appeared to be wood alcohol poisoning up till noon today, the list of ten last night being increased by three deaths reported this morning.

Jacob Bronerwine, Frank Rose, Saul Joseph and Nathan Salsberg are under arrest in connection with the deaths.

## OVER 40 DEAD IN NATION

By Associated Press Leased Wire  
New York, N. Y., Dec. 27.—Federal agents, health authorities and city officials in many places were stirred into action today against traffic in "whiskey" made from wood alcohol, following the wave of death and blindness from this cause in Massachusetts and Connecticut. The death list of victims of Christmas "cheer" in these states totaled more than 40 early today. Officials declared it probable that unreported cases by the score exist from coast to coast. A general warning has been issued here by agencies co-operating in the fight, telling the public of the danger lurking in anything that passes for whiskey in saloons.
